

# MIDWAY INDUSTRIAL

## DID YOU KNOW?

We provide new and reconditioned batteries and industrial chargers. Midway Industrial is an authorized C&D distributor.

**C&D TECHNOLOGIES**

**V-Line** batteries employ technological innovations in a value-range product. Flat-plate technology, tapered-grid design, and our Slyver-Clad retention system combine to produce a battery that is reliable throughout its long life. **5 YEAR WARRANTY**

**C-Line** batteries are the ultimate expression of flat-plate technology. No other battery delivers more consistent power or a longer life. A unique proprietary plate process, and a five-fold positive plate wrap ensure consistent performance throughout the battery's entire life. **6 YEAR WARRANTY**

**Ferro Five FR Series** chargers substantially reduce electric truck charging costs and are virtually maintenance free. The advanced transformer design makes the charger more efficient, more dependable, and more economical than any other unit available today. Our modular microprocessor-based controllers provide consistent ease of operation and can be upgraded as needed.

Contact us @ **630-466-7700** for more details, or visit us on the web! **[www.midwaylift.com](http://www.midwaylift.com)**
